Immigration Political Cartoons Analysis Activity

With a partner, analyze the political cartoons on the table (also in a slideshow on Google Classroom), filling in each box for each cartoon. Make sure to read the captions for more information.

What are Political Cartoons? (Watch this video)

- A political cartoon is a cartoon that makes a point about a political issue or event.
- Political cartoons can be very funny, especially if you understand the issue that they're commenting on.
- Their main purpose, though, is not to amuse you but to persuade you.
- A good political cartoon makes you think about current events, but it also tries to sway your opinion toward the cartoonist's point of view.
- The best political cartoonist can change your mind on an issue without you even realizing how they did it.

LABELING	ANALOGY	IRONY
Cartoonists often label objects or people to make it clear exactly what they stand for. Watch out for the different labels that appear in a cartoon, and ask yourself why the cartoonist chose to label that particular person or object.	An analogy is a comparison between two unlike things that share some characteristics. By comparing a complex issue or situation with a more familiar one, cartoonists can help their readers see it in a different light. EX: A sinking ship used to represent a failing national economy	Irony is the difference between the ways things are and the way things should be, or the way things are expected to be. Cartoonists often use irony to express their opinion on an issue. Think about what point the irony might be intended to emphasize. SATIRE: an artistic genre that uses humor, irony, exaggeration, or ridicule to expose and criticize the flaws, corruption, or stupidity of individuals, institutions, or society. SARCASM: a sharp form of verbal irony where you say the opposite of what you truly mean to mock, criticize, or express frustration.

ONE person from your group should go to the table and choose ONE political cartoon to analyze. Please return the cartoon to the correct place on the board when time is up and choose a new cartoon for the next round.

In 1890, Secretary of the Treasury William Windom wanted to turn the island at the base of the Statue of Liberty into a processing point for immigrants. Compare the caption on the political cartoon above to the poem that is inscribed on the base of the statue, which tells the world to "Give me your tired, your poor, Your huddled masses yearning to breathe free."

STATUE OF LIBERTY—"Mr. Windom, if you are going to make this island a garbage heap, I am going back to France."
